LOWE
FOUNDATION

Community Involvement
Positive Impact

WHO WE ARE

Lowe Design & Build Team.

The Lowe Design & Build team has always been dedicated to excellence and giving back to the community that it lives, works and plays in.

The Lowe Foundation is a natural progression of Lowe Design & Build. It represents our 30 years of commitment to community partners and local initiatives. As our business grows, the foundation grows with it.

Being involved is at the heart of what we do.

LOWE
Design & Build

Community Involvement
Positive Impact

MISSION

Inspired by our values, partnering positive community outcomes.

VISION

By supporting local charities, fundraising projects, and not-for-profit groups, the Lowe Foundation creates positive effects that circulate through the community.

Lowe Design & Build continue to form long term relationship with its trades and suppliers, encouraging awareness and growth for all Lowe Foundation initiatives.

It is a major focus of the foundation to work closely with each beneficiary, so that it can determine the kinds of support they need and produce the best possible outcome.

Actions speak louder than words, and with our proud and active team engagement, we achieve so much more.

VALUE

"Coming together is a beginning,
staying together is progress,
and working together is success."

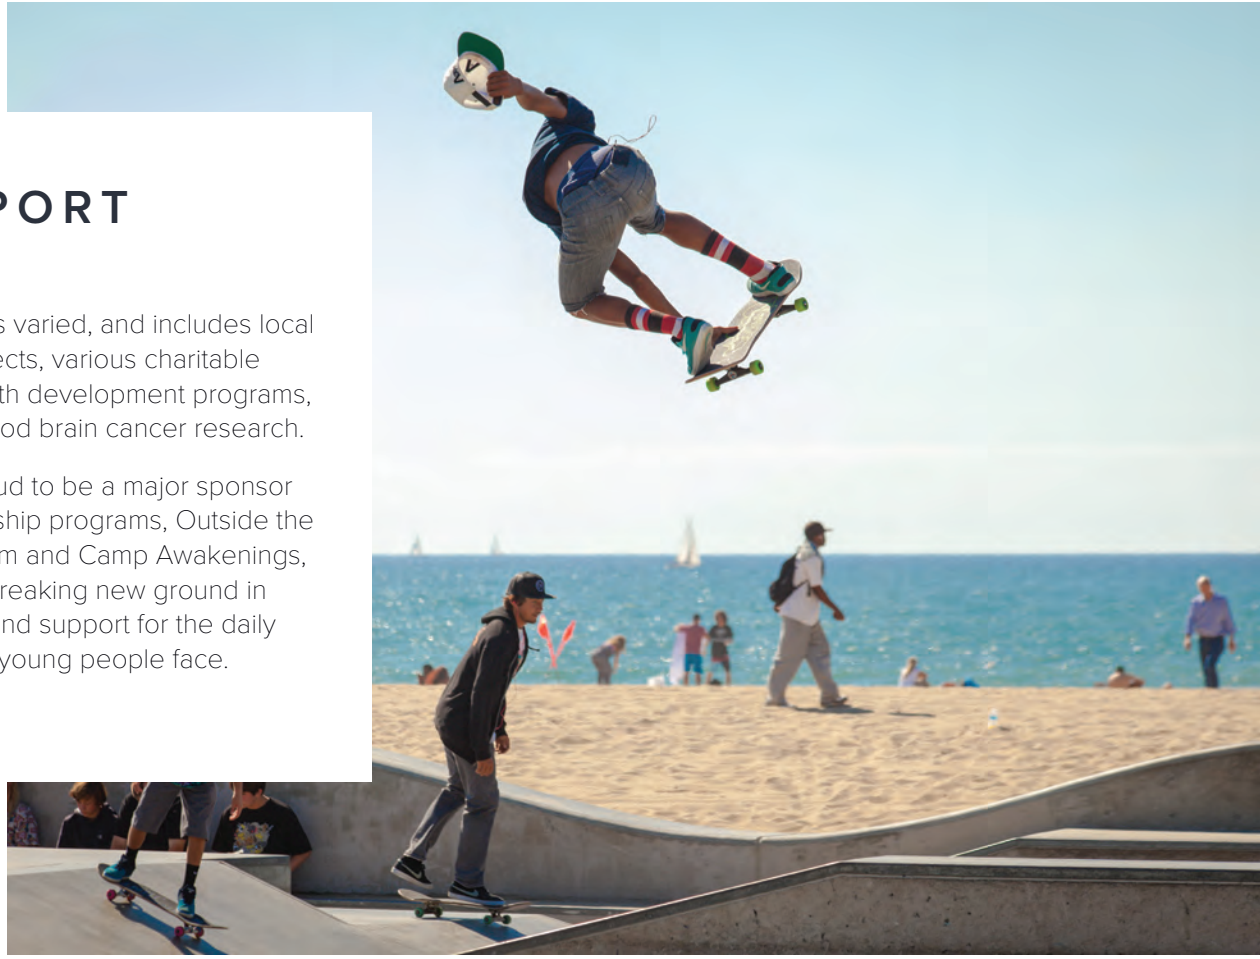
HENRY FORD

Outside The Locker Room,
Lowe Design & Build Staff Info Session

SUPPORT

Our reach is varied, and includes local Rotary projects, various charitable events, youth development programs, and childhood brain cancer research.

We are proud to be a major sponsor for two flagship programs, Outside the Locker Room and Camp Awakenings, which are breaking new ground in education and support for the daily challenges young people face.



OUTSIDE THE LOCKER ROOM

OTLR teaches life skills to participants of sporting clubs and schools. These range from mentoring and mental health support, to assistance with issues such as drug and alcohol abuse and domestic violence.

CAMP AWAKENINGS

Camp Awakenings is a youth development program for Year 9 students. Participants take part in physical challenges, creative exercises, team building and confidence boosting programs, which help them become resilient and form stronger bonds with their peers.

IMPACT

"It is with immense gratitude I thank the Lowe Foundation for all the time and financial support they generously give to Outside The Locker Room. With their help, we have had 935 young participants through our Welfare & Education Program within the Victorian South East region."

JAKE EDWARDS | OUTSIDE THE LOCKER ROOM

"With the generous support from Lowe Foundation, Camp Awakenings has been able to enhance its program - from equipment through to leader training - to ensure we run the very best camp, with the best possible resources, for the youth of Victoria. Lowe Foundation's assistance has resulted in hundreds of Year 9 students having their lives positively impacted, ensuring they can become the best possible version of themselves."
